

FOR YOUTH DEVELOPMENT®
FOR HEALTHY LIVING
FOR SOCIAL RESPONSIBILITY

November 13, 2020

Hello again,

I hope this letter finds you well.

The resurgence of the virus has resulted in a new plan from the Governor to help slow the spread of the virus. The Governor's new plan is very different from the Back on Track Indiana Plan. It focuses on localizing restrictions to areas with high positivity rates rather than a statewide approach. The Governor said in his press conference "all general requirements are according to the conditions outlined in previous executive orders." Please refer to them if you have any questions or concerns. The YMCA will continue to support the policies, restrictions, recommendations, and guidelines made by authorized government offices.

YMCA restrictions effective 11/15/20 will be:

- Properly worn face coverings are required inside the YMCA building except while exercising or swimming; those refusing to follow this policy will result in denial of service.
- Social distancing is required at all times with the exception of participating in recreational league play.
- The Wellness Center will close from 1:30-2:00pm weekdays to sanitize the equipment.
- Members are asked to sanitize equipment prior to and after use.
- County code ORANGE - youth and adult sports programming will be limited to 50 people:
 - All non-family groups (people living in the same household) must social distance.
 - Non competing/performing participants, support personnel, and spectators must wear face coverings.
- County code RED - youth and adult sports programming will be limited to 25 people:
 - Only participants, one parent/guardian per participant, and support personnel will be allowed inside the gyms.
- No spectators will be allowed in the pool during swim meets.
- Child Watch will remain open and continue to operate limited to 8 children at one time.
- The weight room will continue to be limited to 8 people at one time.
- Group Exercise classes will continue to be held limited to 8 participants at one time.

*** This plan is subject to change at any time and without advanced notice.**

As an added member benefit, The YMCA has been working on a new Streaming Group Exercise platform. Added to the Group Exercise room is a TV and laptop that will be used to stream group exercise classes at the YMCA. Beginning 11/16/20, members will be able to reserve the Group Exercise Room to use this service. The priority for the room will be: first, scheduled classes, second, reservations, and then open usage. Reservations may be made by calling the YMCA (260.563.9622) no more than 48 hours in advance of the requested time. Staff can assist members with the new system.

It is up to each one of us to remain steadfast in doing everything possible to slow the spread of the virus. Practice good personal hygiene, properly wear face coverings, stay socially distanced from non-family members and if you are experiencing symptoms, start isolating, and seek testing. The YMCA will continue to do everything we can to sanitize our facility and enforce the Governor's Executive Orders for healthy living and social responsibility.

Stay Strong Wabash,
Dean Gogolewski, CEO
Wabash County YMCA
